Prologue

GAMINE

DEAR GAMINE,

we tried getting chatgpt
to compose this passage
for us, but it seems like
you can't cheat your way
to authenticity.

let's assume that's what
we're doing - it's nothing;
just a portal into our
minds, and the result of
too much spare time.

we don't expect you to
love it (yes, we do) or
desire to know every thought
we have (yes, we do!)
we just have things to say
(BRAIN WASH YOU)

enjoy!

2023

LOOKBACK

what the hell happened?

2023 2023 UNPACKED & UNHINGED

Barbenheimer? Eyebrowgate? KING CHARLES?!

There was a lot of unhinged cultural moments this year that set some stamps in history that we need to unpack. Here are some moments, how insignificant they might be, that caught my attention.

RECAP?

NEPO BABIES

In 2022, there was a vast discourse about nepotism in Hollywood. This ultimately led to an issue from Vulture in late 2022 exposing that all of our favorite celebrities were just our favorites because of nepotism. Apparently, Hailey-Baldwin-Bieber is not from the trenches. SHOOK. Your favorite artist probably had a famous uncle, a mother that worked in the industry or worst of all - was rich!!!

YOUNGER BROTHER VICTIM COMPLEX

There is no reason for a grown man to do butterfly hugs on television. Also very limp D move to out his family like that. We knew they were racist, silly!

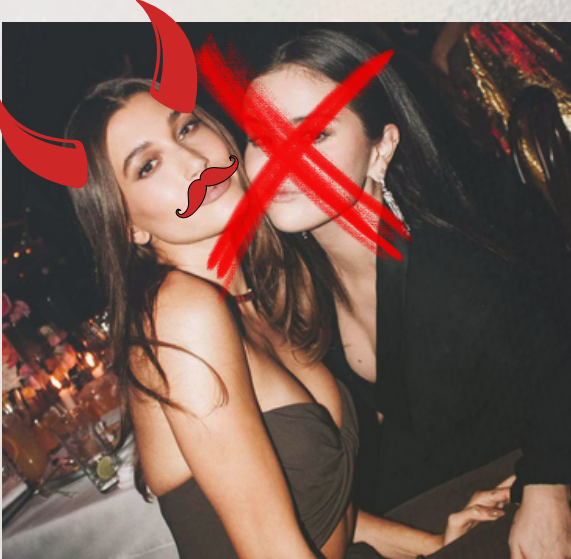

HUNGER GAMES CORE

At this point we're so into wealth porn. Unfortunately for the commoners, she ate.

“EMPOWERED WOMEN
EMPOWER **HATE** WOMEN”

EYEBROWGATE

MOB MENTALITY

This marked our most significant encounter with mob mentality. Hailey Bieber bullied Selena for her eyebrows, suddenly, we all believed she forced herself into a marriage with Justin Bieber. A conspiracy began - Justin loathes his wife, and loves his EX. We should not care this much about Selena Gomez, we don't even like her that much. We were riding so hard for miss Gomez as if we had no job, no responsibilities. This experience taught me a valuable lesson: I would never stand against propaganda and I'd do anything for an underdog with a victim complex.

ALSO, THE WAR IS ABOUT SELENA GOMEZ

Free Palestine? No, Free Selena!

BARBENHEIMER

During the summer of 2023, we were blessed by the release of two wildly different movies: the "feminist revolution" Barbie and the emo-esque Oppenheimer. This clash of cinematic genres gave birth to the term "Barbenheimer," a portmanteau that captured the absurdity of this pairing. What is it to be boy? To be girl? Is this the revolution of gender norms? Or peace between the sexes? Are we forgiving the femcels and the incels for ruining the art of mastering gender?

BARBIECORE

In a world of muted tones and boring fashion choices, Barbie core emerged as a refreshingly pink and unapologetically feminine.

PRISON DON

The Don was arrested in Georgia on charges of attempting to influence election results; so would I if I was about to lose a whole election? The mugshot was released to the public on August 31, 2023, and quickly went viral. For some reason this alone made me republican. He ate.

WHO CARES ABOUT THE TAMPON THING?

CHARLIE IS KING!

CHARLIE IS KING!

CORONATION

**SIDE PIECE
QUEEN**

Im over hating her. Let a girl live!!!

I HAVE CHAIR, I HAVE CHAIR

King Charlie III's coronation took place on May 6, 2023, at Westminster Abbey in London. It was a grand and historic event that marked the formal beginning of his reign as the 70th monarch of the United Kingdom. This means that Lizzy, THE QUEEN, was the 69th monarch, which makes her even more based than before. But Charlie isn't without spicy moments; making him more human than we want him to be. Marrying his mistress? his EX mysteriously dying? His (SPARE) son HATES his guts? Our new king just sounds like the perfect menace with the best Villain Arc of our time .

REGAL REBELLION

CROWNS CAN'T CONTROL CUPID'S ARROWS

In the early 1970s - a polo match is taking place at Windsor Great Park. A young, whimsical "one of the boys" esque- Camilla sparked the interest of an older brother with big responsibilities - Prince Charles. But the establishment paved the way for a different faith for the future king, the beloved Diana Spencer. Although both Camilla and Charles were both married to other people, they began an affair that lasted for over a decade. Their relationship was kept secret for many years, but it was eventually revealed to the public in the early 1990s. Cute? Gross? You decide!

TAMPAX CLIMAX????

Charles and Camilla's relationship was revealed to the public in 1993 when a series of private phone conversations between the two were leaked to the press. The most infamous of these tapes was dubbed "Camillagate," and it featured a sexually explicit conversation between them. In one of the leaked phone calls, Charles made a joke about wanting to be reincarnated as a tampon so he could be "inside" Camilla. Is it the most off-putting mommy issues or an absolute heart wrenching expression of love?

PRINCESS DIANA

QUEEN OF PEOPLES **HEARTS**

IT'S A BIT CROWDED

During Princess Diana's 1995 interview with BBC journalist Martin Bashir, She made the now-iconic statement, "***There were three of us in this marriage, so it was a bit crowded.***" referring to Prince Charles's ongoing relationship with Camilla. And also made the most "RISE ABOVE" statement known to man "***I would wish him to find someone he can really love and who makes him happy, because I want him to be happy, just as I want to be happy.***"

GIRL MATH

Girl math is just making it work. The goal of girl math is to make whatever does not fit your reality make sense, through fake math. The elements of girl math is traditionally feminine.

GIRL DINNER

Girl dinners is quick and easy to prepare, and they typically deviate from the standard structure of a meal. The emphasis is on savoring the flavors and textures of various snacks, rather than following a strict meal plan

PRESIDENT OF GIRL AUTISM

GIRL AUTISM

It's not an excuse but it actually is. It's the gateway drug to automatic victimhood. Having autism is one thing but suffering from both girl and autism is agony and should be delt with extreme care

IS THE TREND FOR 2024 FROM 2014, 2004 OR 1840? WE DONT KNOW BUT LETS MAKE SOME SENSE OUT OF FASHION EVOLUTION OF THE 4'S.

1840

Fashion in the 1840s was characterized by a return to a more natural and comfortable silhouette. The restrictive corsets and hoop skirts of the previous decade were replaced by looser, more flowing garments. The most popular dress style of the 1840s was the Empire waist, which was named for its resemblance to the robes of ancient Roman emperors. This style had a high waistline, which created a slimming effect and allowed women to move more freely. Empire waist dresses were typically made of light, flowing fabrics such as muslin, gauze, and silk. They were often adorned with lace, embroidery, and ribbons. The rise of babygirl?

1940

Despite the war, there was still a place for glamour and femininity in 1940s fashion. Evening gowns were still popular, and they often featured **cinched waists, full skirts, and embellishments like sequins and beads.** The 1940s was a time of transition for women, as they moved from traditional roles into the workforce. Fashion reflected this change, becoming more practical and androgynous while still retaining a touch of femininity - **Boss-babe-core** or **war-esque**?

1994

One of the most defining trends of 1994 was the rise of babydoll dresses. These flirty, A-line dresses were typically made of soft, flowing fabrics like cotton or gauze, and they often featured **ruffles, embroidery, or lace.** Another popular trend was slip dresses. These sheer or semi-sheer dresses were often worn as outerwear over a camisole or tank top. They were a versatile and sexy option that could be dressed up or down.

2004

Sheer or semi-sheer dresses were another popular trend. They were often worn as outerwear over a camisole or tank top. They were a versatile and sexy option that could be dressed up or down. Flowing maxi dresses were a popular choice for casual and dressy occasions. They were typically made of lightweight fabrics like **cotton or silk, and they often featured bohemian-inspired details like tassels or embroidery.**

THE INSPO

GAMINE

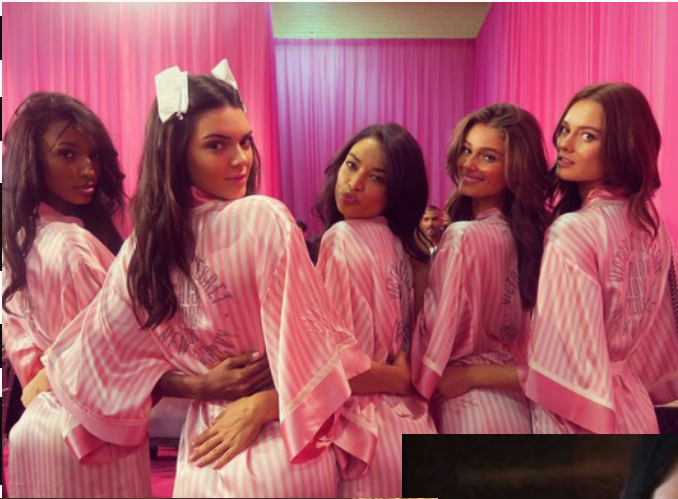

2014

A return to classic styles: After a period of experimentation with avant-garde and streetwear influences, there has been a renewed appreciation for classic silhouettes and timeless designs. This is evident in the popularity of tailored suits, dresses, and eveningwear with clean lines and elegant proportions. **Sheer dresses, lace, spikes and the occasional ribbon.**

BE FUCKING FOR REAL, 2014

2024

THE INSPO

2024

What is going to make 2024? Revival? Revolution? Well, what we can define is the Preppy styles like classic blazers, collared shirts, and chinos are expected to make a comeback. Designers will add a modern twist to these timeless pieces by using bold colors, playful prints, and edgy details. Bohemian elements like flowing maxi dresses, peasant blouses, and statement necklaces are expected to be popular. Designers will infuse these styles with modern touches to create a look that is both effortless and stylish. Looking at this; we can say it's a safe year for the babygirls.
